CAPABILITY

Linganore Contracting, Inc (LCI) has a strong and proven track record working with General Contractors and Government Agencies. LCI self-performs a portion of the work we manage. Our skilled tradespersons include Laborers, Iron Workers, Heavy Equipment Operators and Cement Masons. We excel in concrete construction and asphalt.

Safety: LCI has an experienced full-time safety team and an excellent safety record. Our Superintendents and Foremen are certified in OSHA 30 and First Aid/CPR.

Self-performed Work: We're proud of our ability to self-perform many project components, providing our clients with an added advantage in the marketplace. Our superintendents are experts in construction techniques and are centrally involved in sequencing the work and assuring its execution by both LCI forces and others.

LCI can self-perform the following work activities:

Cast-in-place concrete
Concrete reinforcing
Concrete repair
Concrete unit retaining walls
Demolition
Excavation and backfill

Structural Concrete
Erosion and Sediment Control
Paving
Asphalt Striping
Utility Trenching
